Superstock 1000 - Starting Grid

10 Laps x 5,902 km = 59,020 km

A scatter plot representing the results of a motorcycle race. The plot features 93 data points, each representing a rider. The points are arranged in a grid-like fashion, with the rank of the rider (from 1 to 93) displayed in the top left corner of each point's box. The rider's name is in the top right, their brand in the middle, and their time in the bottom right. The points are color-coded by brand: Kawasaki (blue), Honda (orange), Aprilia (green), BMW (red), and Ducati (purple). The background is a light gray grid. A black and white checkered flag is at the bottom.
